

Mental Math Level 2

WorkSheet#2| Subtraction of Tens

Subtract the following.

$$\begin{array}{r} 1) \quad 60 \\ - \quad 20 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 2) \quad 30 \\ - \quad 20 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 3) \quad 80 \\ - \quad 50 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 4) \quad 40 \\ - \quad 30 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 5) \quad 40 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 6) \quad 20 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 7) \quad 60 \\ - \quad 30 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 8) \quad 70 \\ - \quad 50 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 9) \quad 60 \\ - \quad 40 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 10) \quad 70 \\ - \quad 60 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 11) \quad 80 \\ - \quad 50 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 12) \quad 90 \\ - \quad 40 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 13) \quad 30 \\ - \quad 20 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 14) \quad 80 \\ - \quad 40 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 15) \quad 90 \\ - \quad 30 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 16) \quad 50 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 17) \quad 20 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 18) \quad 50 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 19) \quad 90 \\ - \quad 30 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 20) \quad 40 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 21) \quad 30 \\ - \quad 20 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 22) \quad 90 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 23) \quad 80 \\ - \quad 50 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 24) \quad 20 \\ - \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 25) \quad 50 \\ - \quad 40 \\ \hline \\ \hline \end{array}$$

Hint: Subtraction of 50 and 30 is like subtraction of 5 and 3 and append zero with resultant number.
