WorkSheet#17| Addition: Nearest Double

Add the following.

$$\begin{array}{r} 1) \quad 13 \\ \quad 15 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 2) \quad 15 \\ \quad 17 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 3) \quad 15 \\ \quad 17 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 4) \quad 3 \\ \quad 5 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 5) \quad 10 \\ \quad 12 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 6) \quad 17 \\ \quad 19 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 7) \quad 1 \\ \quad 3 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 8) \quad 17 \\ \quad 19 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 9) \quad 13 \\ \quad 15 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 10) \quad 5 \\ \quad 7 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 11) \quad 10 \\ \quad 12 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 12) \quad 13 \\ \quad 15 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 13) \quad 11 \\ \quad 13 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 14) \quad 3 \\ \quad 5 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 15) \quad 4 \\ \quad 6 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 16) \quad 9 \\ \quad 11 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 17) \quad 17 \\ \quad 19 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 18) \quad 11 \\ \quad 13 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 19) \quad 9 \\ \quad 11 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 20) \quad 16 \\ \quad 18 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 21) \quad 11 \\ \quad 13 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 22) \quad 1 \\ \quad 3 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 23) \quad 18 \\ \quad 20 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 24) \quad 5 \\ \quad 7 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 25) \quad 16 \\ \quad 18 \\ \hline \\ \hline \end{array}$$

Hint: Comes in between number and double the number. Eg. $9+7$ is $9-1=8$, $7+1=8$ double of 8 is 16.
