

## Mental Math Level 4

### WorkSheet#19| Multiplication: Multiply by 10, 100 and 1000

Multiply the following.

$$\begin{array}{r} 1) \quad 16 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 2) \quad 14 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 3) \quad 46 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 4) \quad 27 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 5) \quad 18 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 6) \quad 15 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 7) \quad 21 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 8) \quad 40 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 9) \quad 37 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 10) \quad 25 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 11) \quad 29 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 12) \quad 42 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 13) \quad 30 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 14) \quad 16 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 15) \quad 35 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 16) \quad 34 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 17) \quad 43 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 18) \quad 22 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 19) \quad 48 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 20) \quad 23 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 21) \quad 27 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 22) \quad 42 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 23) \quad 20 \\ \quad 1000 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 24) \quad 21 \\ \quad 10 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 25) \quad 43 \\ \quad 100 \\ \hline \\ \hline \end{array}$$

Hint: Eg.  $76 \times 1000$  the 6 Ones becomes 6 thousand and the 7 tens becomes 7 hundred thousand,  
 $70000 + 6000 = 76000$
